

Press Release from District Hospital Singtam

JOINT INSPECTION ON CLINICAL ESTABLISHMENTS CONDUCTED UNDER GANGTOK DISTRICT

A joint inspection of various Clinical Establishments under Gangtok District was conducted in collaboration with Singtam Police and Singtam Municipal Corporation.

The inspection team included the following officials:

- Director-cum-CMO, District Hospital Singtam
- A.D. Sanitation, Health Department
- Under Secretary, Health Department
- Health Educator, District Hospital Singtam
- SMC Councillor
- Bazar Inspector, Singtam Municipal Corporation
- Police Personnel, Singtam Police Station

The team carried out a random inspection of the clinics listed below. The inspection focused on documentation, registration status, bio-medical waste management, infection control practices, and general compliance with the Clinical Establishments Act 2010:

Total number of clinics visited: 06

1. Alina Medical
2. Sutrodhar Clinic
3. Remi Cure Clinic
4. Life Line
5. Sister & Sister Clinic
6. Jeewan Jyoti

Observations from the visit have been noted and follow-up action will be taken to the concerned establishments.

Directives Issued

- Strict directives on proper bio-medical waste management.
- Air-borne infection control measures to be ensured, including installation and functioning of exhaust fans.
- Registration of employees to be completed as per the Clinical Establishments Act.
- Expired drugs to be identified, segregated, and disposed off properly.
- Cleanliness and hygiene of the establishment to be maintained at all times. 24 hours water supply need to be managed in all the establishment.
- All required documentation must be updated and kept ready for verification.

In the next subsequent visit the team will review the compliance of instructions given on 14/11/2025
