Press Release from District Disaster Management Authority (DDMA) and District Administration Centre (DAC) Mangan

Prompt and Coordinated Intervention Brings Residential Fire Under Control at Mangan Bazaar; No Casualties Reported

Mangan, October 31: A residential fire that broke out at approximately 5:30 PM this afternoon in the heart of Mangan Bazaar was swiftly brought under control through a coordinated emergency response involving local authorities, emergency services and community members. No casualties or injuries have been reported.

The incident occurred at the residence of Mr Sachin Agarwal. Upon receiving immediate distress information, the District Emergency Operation Centre (DEOC), Mangan, activated the emergency response mechanism. Water tenders and personnel from the Fire and Emergency Services, alongside firefighting units and staff from the Forest Department, were dispatched to the site without delay.

Prior to the arrival of the specialised firefighting vehicles, local police personnel, members of the business community and residents of the vicinity acted as first responders, initiating containment measures and preventing panic in the congested bazaar area.

Key administrative, departmental and local body officials arrived at the site to supervise the incident command and coordinate logistics. The officials included:

* Additional Superintendent of Police (Addl. SP), Mangan
* Sub-Divisional Magistrate (SDM), Mangan
* Sub-Divisional Police Officer (SDPO), Mangan
* Joint Director, District Disaster Management Authority (DDMA)
* Station House Officer (SHO), Mangan Police Station
* Mangan Executive Officer (MEO), Mangan
* Councillors, Mangan Nagar Panchayat (MNP)

Through the concerted efforts of the joint firefighting teams and volunteers, the blaze was completely extinguished by approximately 6:30 PM, successfully preventing the fire from spreading to adjacent commercial establishments and neighbouring homes.

While substantial property loss occurred, gutting personal belongings and causing structural damage to the residence, preliminary checks confirmed that all occupants were safely evacuated.

The exact cause of the fire is currently under investigation by the relevant authorities. The District Administration has placed emergency and assessment teams on alert to facilitate immediate damage evaluation and provide support to the affected family.
