

Press Release from Agriculture Department Pakyong District

Pakyong District Takes a Unique Approach to Khet Bachao Abhiyaan with Fertility Camp at Assamlingzey

Pakyong, 30th October: Agriculture Department Pakyong District in coordination with Horticulture Department & ATMA Pakyong continued its unique, farmer-centric approach to the Khet Bachao Abhiyaan with a Fertility Camp by the Animal Husbandry and Veterinary Services (AH&VS) Department at Assamlingzey.

The programme was graced by Hon'ble Panchayat President Smt. Sita Sharma as the Chief Guest, highlighting the importance of community participation in promoting sustainable agriculture and allied-sector development.

The initiative aimed to bring agricultural and allied-sector services closer to farmers by addressing livestock fertility and reproductive health issues while promoting sustainable farming practices and rural livelihoods.

As part of the programme, Shri Prasanta Subba, ADO, provided an overview of the Khet Bachao Abhiyaan, highlighting the importance of soil health and fertility in promoting sustainable agricultural production. Smt. Menuka Rai, HDO, shared insights into various horticultural schemes and emphasised the importance of Integrated Nutrient Management (INM) for improving soil fertility, crop health, and productivity.

The programme was attended by HDO Menuka Rai, ADO Prasanta Subba, HI Srijana Sanghrola, HI Sukman Subba (Floriculture), Dr. Purna Gazmer (Veterinary Officer), and Youraj Dhakal (Veterinary Inspector).

Through this integrated initiative, Pakyong District continues to adopt innovative, field-based approaches under Khet Bachao Abhiyaan, bringing together agriculture, horticulture, and allied services to promote holistic farmer welfare and sustainable rural development.
