

Press Release from Animal Husbandry and Veterinary Services, Namchi

World Egg Day 2025, 10 Oct | Upkeep Drive at Nandugoan State Poultry Farm Namchi District
Namchi, 11 October: World Egg Day, celebrated on the second Friday of October, highlights the power of the egg — nature's perfect nutrition package. It also honors the efforts of poultry farmers and professionals contributing to food security and nutrition.

In line with this, Nandugoan State Poultry Farm (AH&VS Namchi) carried out an Upkeep and Maintenance Drive, including cleaning, minor repairs, and colouring work, ahead of the shifting of layer birds. The drive, initiated in June 2025, aimed to enhance hygiene, safety, and operational efficiency.

All farm staff actively participated in the maintenance activities, ensuring readiness for the incoming flock.
