Press Release from SCERT, Education Department

Director SCERT addresses students at NBBDC, Tadong on National Education Day

The Department of Education of Nar Bahadur Bhandari Government Degree College (NBBDC), Tadong, celebrated National Education Day on November 18 at the College Seminar Hall with the participation of faculty members and students.

Dr. Shanti Ram Adhikari - Director, SCERT Sikkim, attended the programme as the Chief Guest. Delivering a talk, Dr. Adhikari highlighted the diverse academic opportunities and career pathways available to students pursuing graduation in Education. He particularly emphasised the wide range of postgraduate programmes and professional courses that students could opt for to deepen their knowledge, enhance their competencies and expand their career prospects. Drawing upon his academic and administrative experience in the field of education, Dr. Adhikari also shared valuable insights into the evolving landscape of education and the various professional avenues open to graduates with an academic background in the discipline. He encouraged students to look beyond conventional career choices, explore emerging opportunities in the education sector and make informed decisions regarding their higher education and professional aspirations.

The interaction provided an enriching platform for students to reflect on their academic journeys, understand the possibilities beyond graduation and gain greater clarity on future career options. It also underscored the importance of continuous learning, professional development and informed career planning in navigating an increasingly diverse and evolving educational landscape.

The programme was attended by Dr. D. Purohit, Principal of the College; Shri Munna Pradhan, Administrative Officer; Dr. Punam Chettri, Head, Department of Education; faculty members; and students of the first, second and third semesters of the Department of Education. The celebration served as an opportunity to reaffirm the significance of education in shaping informed, responsible and empowered individuals and in contributing to the development of society
